Bommanahalli, Bangalore

Sub:- Unknown person stalking and threatening me over the phone.

Respected Sir,

I Joshine Antony age 31, an honorary member of Animal Welfare board of India is in a mission to rescue the mute and dumb animals. Recently I have been getting threatening calls from a particular number 8971557085 saying that they wont spare me and their people in shivajinagar area wont let go of me next time I try to save any animal. Today (15/10/2013) I had come to your good office to give representation and I immediately got a call from this number saying what I am doing at the commissioners office and I should quit doing all these if I want to be alive. Kindly take strict action against this person who is calling and abusing a women.

Thanking you.

Joshine Antony
